## BEER WILL COUNT IN STRONG TEAMS

Walter Camp Says Light Backs Will Be at a Disadvantage Under New Rules.

Chicago, Sept. 23.—Walter Camp, athletic adviser of Yale, who stopped off yesterday on his way to San Francisco, believes that "beer" is still a powerful factor in the make-up of a winning football team, notwithstanding the new rules provide for a fast open game.

"It is true that there is more chance for a light fast team to make an eleven for a light fast team than formerly," said Camp, "but weight will still be a powerful factor in the line and the light backs will be working under a handicap in the make-up of a winning team. Weight is still a powerful factor in the make-up of a winning team and those who require players of 'beer' are partially right in their contention."

I was greatly surprised when I learned that the same interpretation on the new rules of the football game, which was made by the big eight colleges and officials, I discovered that there was little or no variance in the two rules of the country in the rules interpretation.

## BIG FIGHT IS ON IN NEW YORK TEAM

Manager Stallings and Captain Hal Chase in an Argument Over Charges.

New York, Sept. 22.—The vapor of gossip that has surrounded the quarrel of Hal Chase, captain of the New York American league baseball team and George R. Stallings, manager, was cleared today by a statement from Frank J. Farrell, president of the club. Stallings was in conference with Farrell today in obedience to a telegram summoning him from Cleveland and took the opportunity of making grave charges. He accused Chase of withholding his best services on the field and of quitting when he was most needed.

President Farrell thought the charges so grave that he took the first train for Cleveland, where the club now is, to make a complete investigation. Stallings wanted to accompany him, but was refused permission. If the charges are sustained, Farrell said, there will be no place for Chase on the New York team or, in his opinion, on any other team. If they fail, he reserves the right to deal with Stallings as he thinks fit. He denied that Chase had been appointed manager of the club.

President Farrell made the following signed statement:

"In response to my calling him to New York, George T. Stallings appeared in my office this morning to give his version of the reported trouble in the New York American League club, of which he is manager. To my surprise, Mr. Stallings made grave accusations against Hal Chase, first baseman of the team and its captain. Mr. Stallings charges that Chase has not been giving his best services to the club and that he has been guilty in baseball parlance of 'laying down.'"

"No ball player can afford to have his reputation and the reputation of his club smirched by such charges, and I have decided to go at once to Cleveland, where the team is playing, to make a thorough investigation of Mr. Stallings' charges, and if I find they are true, I shall lay the entire matter before the National commission and ask that Chase be punished. I owe such investigation to the public and the players."

"If Chase is guilty of Stallings' charges, there is no place on the New York American or on any other team for him, in my judgment. If he is not guilty, he shall be promptly cleared of the charges."

"If Mr. Stallings fails to prove his charges against Chase, it is up to me to deal with Stallings as I see fit, as Chase is too great a ballplayer to have his reputation blackened by such charges."

"There have been recently many misleading reports about my club and a change in its manager. I desire to say now that George T. Stallings is still manager of the team; that while he is here in New York the club is in charge of my secretary, Thomas Davis, and that I have not appointed Hal Chase to manage the team to succeed Stallings."

## CHASE MAKES STATEMENT.

Says Trouble Began at Detroit When He Was Sick.

Cleveland, O., Sept. 22.—Hal Chase, when shown the Associated Press dispatches from New York in regard to the complaints made against him by Manager Stallings gave out the following statement:

"This trouble has been growing for some time. The first real break came in Detroit when our club came west. At that time I was not feeling well, I was troubled with dizziness when I started to run, and asked for a leave of absence, which was granted by Mr. Stallings. I started for New York and the next morning I was in charge of the team to the effect that I had deserted the team."

"The climax came in the first game of the series at Chicago, which our club lost. With Daniels on second and myself at bat the signal was given for the hit and run. I swung the bat, tipped a foul, which the catcher caught. Daniels having started for third base was easily thrown out. That evening one of the baseball reporters told me he had an interview with Mr. Stallings to the effect that I was laying down on the team."

"Mr. Stallings later verified the statement and admitted that he was quoted correctly. Of course, such events could not have one in a pleasant frame of mind."

The boys will clear the field for practice, but before any of the schedule games are played the surface must be covered with a layer of clay. It is hoped that the university field can be used.

## THE HARVESTER WINS AND BREAKS RECORD

Geers Drives Him Through Brilliant Race Against Time at Columbus.

Columbus, Ohio, Sept. 22.—To the track that for nine years held the station trotting championship because of the 2:04 mile by Cresceus, there came back the title today when The Harvester won a brilliant mile in 2:01 flat and thereby took a quarter of a second off the time he made last year at Syracuse.

Although weather conditions were suitable, driver Geers, a moment after he had dismounted and acknowledged an ovation from the crowd, said he would make an attack next Thursday upon the record if the track can be made solid close to the roll.

Because of the loose footing today, The Harvester had to step a long mile. He was a trifle weary at the finish and did not flash through the last quarter as he has done at other points on the grand circuit.

Shortly after 5 o'clock, the champion first quarter in 2:05 seconds, went on the back stretch one runner became a trailer. In the third there was a slight slackening, and the time for it was 30 1/2 seconds.

A final quarter in 31 1/2 seconds made the mile a winning one. As The Harvester had started to beat 2:04.
